

STANDARDS OF CONDUCT POLICY

1 Purpose

In accordance with Standard 13 of the National Code 2007, registered providers must inform potential students prior to their enrolment of the grounds on which their enrolment may be deferred, suspended or cancelled.

2 Scope

This policy applies to students enrolled within all education and training programs offered by Study Group Australia Pty Limited, ("the Institution").

This document addresses circumstances where the Institution instigates the temporary suspension of studies or cancellation of enrolment due to a student not complying with this *Standards of Conduct Policy*.

Information about the student code of conduct is provided to students on the Study Group Australia Pty Ltd website and in the Student Handbook. It is also explained to them during their orientation to the Institution. Staff are informed of the student *Standards of Conduct Policy* during their induction session, in the Study Group Australia Pty Ltd Staff Handbook and in this policy document, which is available on the staff portal (Connect).

3 General Standards of Conduct

Students are expected to observe the Institution's *Standards of Conduct Policy*, to follow the directions given by staff and to conduct themselves in a manner that is a credit to the Institution and their fellow students.

Faculty members are carefully selected for their academic qualifications, their experience, and for their capacity to encourage and develop individual abilities. Staff, therefore, maintain a congenial relationship with students in order to encourage personal development.

When communicating and interacting with staff and other students, each student is required to:

- a. treat others with respect and fairness regardless of their background or culture;
- b. avoid any behaviour that could offend, embarrass or threaten others:
 - refrain from swearing, using obscenities or making offensive remarks in any language; and
 - refrain from harassing or disrupting others in the performance of their duties or studies.

The Institution reserves the right, in the exercise of its sole judgement, to place on probation, temporarily suspend or expel a student if it deems the student's conduct to be unacceptable, depending on the outcome of an appeals process. The written notification to the student of this intention will inform him/her that he/she has 20 days from the date on that written notification in which to lodge an appeal. (Refer to *Complaints and Appeals Policy and Procedure* for further information.)

4 Smoking

Cigarette smoking is not permitted in the building (including in classrooms, student common rooms, elevators, rest rooms, and foyer area).

At certain campuses, smoking also is not permitted on the footpath outside the entrance to the Institution and the adjacent buildings. It is the students' responsibility to make sure he/she knows the law in relation to cigarette smoking in the State in which he/she is studying; severe fines may apply.

5 Eating

Eating and drinking is permitted only in the students' Common Room, and is NOT allowed elsewhere in the Institution. Chewing gum is totally banned from the Institution premises.

6 Dress Code

Students are required to present themselves in a manner which ensures their comfort and safety while on campus.

In particular, students must:

- wear appropriate footwear at all times; it is not permitted for anyone to enter the premises in bare feet;
- the wearing of shorts or rubber thongs is not permitted;
- do not wear clothing that is likely to offend others in terms of its lack of decency, modesty or cleanliness or because it features slogans, cartoons or any symbol or graphic work that is inappropriate to an education environment;
- be adequately clothed in accordance with occupational health and safety requirements;
- do not wear hats or caps in class, except for religious or cultural purposes; and
- do not wear motorbike helmets on the premises.

7 Telephone Calls

Students may not accept calls on the Institution's main switchboard or telephones. Only in EXTREMELY URGENT circumstances will messages be taken and relayed personally to students.

8 Mobile Phones

If it is necessary to bring a mobile phone to College, you are required to have it turned off during all classes, when meeting with College staff, and when using the library facilities. Mobile phones cannot be taken into assessment rooms.
